

The moment understanding
leads to your success.

This is the moment we work for.

Invitation

ZEISS on Your Campus Workshop

Campus is a free global workshop series aimed at educating scientists and students in the fundamentals of microscopy and emerging technologies in both light and electron microscopy.

LECTURES - 7/2

Date: Tuesday February, 4th 2014

Location: Faculty of Natural Sciences
Charles University in Prague
Viničná 7, 128 00 Prague, Czech Republic
Fotochemistry lecture room

Workshop main topics

Light microscopy
X-ray microscopy
Electron microscopy

Programme Tuesday 4th February 2014:

08:45 - 09:15 Registration
09:15 - 10:15 Light microscopy techniques and selecting the best imaging technology
10:15 - 10:30 Coffee break
10:30 - 11:30 Life Science X-ray microscopy - from the synchrotron to the laboratory
11:30 - 12:30 Electron microscopy (overview, from 2D to 3D, FIB/SEM, correlative microscopy)
13:30 - 17:30 Hands-on (Lightsheet.Z1 system demonstration - see below)

Hands-on sessions - from 4th to 12th of February 2014

Location: Faculty of Natural Sciences
Charles University in Prague
Viničná 7, 128 00 Prague, Czech Republic
Lightsheet system demonstration: room B15, door number S47 (at the back entrance)

System available:

Lightsheet.Z1 - new, unique life cell imaging technique
- system will be available from 4th to 12th of February

!!! BOOKING is necessary !!!!

Booking at: katarina.debnarova@zeiss.com
or
sebesta@natur.cuni.cz

DEMO - 4 to 12/2
