

Department of Inorganic Chemistry
Faculty of Science, Charles University

invites for a lecture

**Benefits and pitfalls of multiple crystal forms – a quantum
crystallography perspective**

which will be delivered by

Dr hab. Marlena Gryl

from the Faculty of Chemistry, Jagiellonian University in Kraków, Poland,
on May 17th, 2022 at 9:50 in the lecture hall CH3
of the Chemistry departments, Hlavova 2030, Praha 2.

Doc. RNDr. Vojtěch Kubíček, Ph.D.
Head of the Department
