

SEMINARS ON
PHYSICAL ORGANIC CHEMISTRY AND REACTION MECHANISMS
Chemistry, Faculty of Science, Charles University in Prague

Judit E. Šponerová

*National Centre for Biomolecular Research
Faculty of Science, Masaryk University*

Quantum chemical calculations
as a tool to understand
physical chemistry and evolution
of nucleic acids and their components

Monday, 12th April, Hlavova 2030, Lecture hall CH1, 17:15

All interested students and
scientists are welcomed!
