european development agency

evropská rozvojová agentura

European Development Agency

European Development Agency EUDA is a private company specializing in attracting funding from European programs. EUDA provides consultancy and project management services to Czech and International clients.

ABOUT EUDA

Since its founding in 2008, EUDA brought more than €40 mil to its clients. EUDA has offices in the Czech Republic, Estonia, North Macedonia, and Spain. Its network of partners and clients extends beyond the European Union.

EUDA expertise covers a wide range of topics: youth, adult, and higher education; VET; employment; social inclusion; social and technological innovation; sustainable, urban, and regional development.

evropská rozvojová agentura

European Partnerships in numbers

The **transitions** towards a greener, socially relevant and digitally-enabled economy **require coordinated research and innovation efforts** of the public and the private sector. To maximise added value and impact overall, Horizon Europe encourages **3 types of European Partnerships**:

1. Co-programmed European Partnerships
2. Co-funded European Partnerships using a programme co-fund action
3. Institutionalised European Partnerships

evropská rozvojová agentura

European Partnerships in numbers

The portfolio of European Partnerships includes **49 candidates, active across 5 areas:**

1. health

2. digital, industry and space

3. climate, energy and mobility

4. food, bioeconomy, natural resources, agriculture and environment

5. partnerships across themes

The full list of candidates is included in the [Orientations towards the first Strategic Plan for Horizon Europe](#), issued by the European Commission.

	Preliminary list of candidates for European Partnerships in Pillar II, III and cross-pillar, and short description of what the partnership stands and aims for	Form of implementation	Predecessors	Composition of partners	Relevance for clusters
Food, Bioeconomy, Natural Resources, Agriculture and Environment	31. Accelerating farming systems transition: agro-ecology living labs&research infrastructures Grasping short to long-term agroecological processes at landscape level, accelerating the transition towards sustainable climate and environment-friendly farming practices by boosting place-based innovation in a co-creative environment, fostering adoption of innovation by farmers and other actors.	Co-funded	n.a.	MS/AC (RFOs/regional authorities)	Cl.1, 5, 6
	32. Animal health: Fighting infectious diseases The partnership aims to bring sustainable and innovative solutions to tackle infectious animal diseases, including those transmitted between animals and humans (zoonoses) and to contribute to the fight against anti-microbial resistance, implementing the One Health concept. It will support sustainable animal production, reduce trade barriers, and protect consumers.	Co-programmed, Co-funded	A small number of current ERA-NETs	Either MS/AC or Industry, and regulatory agencies	Cl.1, 6
	33. Environmental Observations for a sustainable EU agriculture The objective of the initiative is to support the delivery of a sustainable CAP by improving agricultural practices and farm profitability and using the possibilities the current digital/data technics in the field. New services and applications will be developed for EU's farming sector enabling more efficient, environmentally friendly and profitable production systems.	Co-funded	EuroGEOSS	MS/AC (RFOs, nat./reg. authorities)	Cl. 4, 6
	34. Rescuing biodiversity to safeguard life on Earth Halting biodiversity loss, maintaining and restoring natural capital is essential for the transition towards sustainability, climate neutrality and for respecting the planetary boundaries. The partnership aims to deploy solutions to stop the ongoing mass extinction of species caused by human activity by upscaling, aligning and integrating European research and innovation efforts and investment, guiding actions to protect, restore and sustainably manage ecosystems and natural capital.	Co-funded	ERA-NET Biodiversity, EKLIPSE, ESMERALDA	MS/AC (RFOs, national/regional authorities)	Cl.1, 2, 5, 6
	35. A climate neutral, sustainable and productive Blue Economy The objective is to sustainably unlock, demonstrate and harvest the full potential of Europe's Oceans and Seas through a well-structured, sustained and simplified joint effort in this borderless domain with the aim to support the transition to a strong, climate neutral and sustainable blue economy by 2050.	Co-programmed or Co-funded	BONUS, MARTERA, JPI Oceans, BlueBio	MS/AC (RFOs, nat./reg. authorities), EU Agencies	Cl.1, 2, 4, 5, 6
	36. Safe and Sustainable Food System for People, Planet & Climate Fixing our food system is central to the transition to a 'Sustainable Europe by 2030', and key to meeting the IPCC climate targets and operating within key planetary boundaries. Deploy FOOD 2030 and deliver the Food Safety System of the future, ensuring consumer trust, safety, quality and traceability.	Co-programmed or Co-funded	FACCE Surplus, ICT Agri2, Core-Organic, ERA GAS, SUSAN, ERA HDL, SusFood2	MS/AC (research funders, nat./reg. authorities), EU Agencies	Cl. 6
	37. Circular bio-based Europe: Sustainable, inclusive and circular bio-based solutions Sustainable and climate-neutral solutions accelerating the transition to a healthy planet, where renewable products and nutrients will be produced from biomass and waste instead of non-renewable fossil and mineral resources. This creates awareness, capacities and	Art.187 or Co-programmed	BBI JU	Industry	Cl. 4, 5, 6

MS = EU Member State; AC = Associated Country

RFO = Research Funding Organisation; RPO = Research Performing Organisation

Counting the benefits of European Partnerships

evropská rozvojová agentura

By **working together** with other research institutes and organisations, researchers from the Faculty of Science can:

1. **engage** with actors with a common vision
2. **establish** new strategic connections
3. **form coalitions** with diverse actors
4. **cover** a greater range of research and innovation topics
5. **test and experiment** at larger scales
6. **create and diffuse** new knowledge, skills, technologies, and solutions
7. **access** world-class research infrastructures
8. **boost** the training and mobility of its staff/researchers
9. **devise, deploy, and scale up** new technologies and solutions
10. **avoid duplications and omissions** in research and implementation

T.E.A.M. = Together, Everyone Achieves More

“It is not in numbers, but in unity, that our great strength lies.” - Thomas Paine

Where can researchers from the Faculty of Science find partners?

A. Partnership-making platforms/tools

Platforms where you can search for potential partners (build a new partnership, join an existing partnership):

B. EUDA services

evropská rozvojová agentura

Platforms where you can look for already active partnerships to join:

- [Up2Europe](#)
- [CORNET Collective Research Network](#)
- [EU Calls](#)
- [European Cluster Collaboration Platform Partner Search](#)

Platforms where you can look for relevant, experienced partners to contact:

- [CORDIS Project Database](#)
- [Enterprise Europe Network Partners](#)
- [Webgate Qlick Sense App, R&I Programmes](#)

Communities you can join:

- [Knowledge and Innovation Communities](#)
- [IDEAL-IST Network Partnerships](#)
- [EIT Climate-KIC](#)

evropská rozvojová agentura

Why you should get involved in Horizon?

1. **Future** of big scientific projects is in international programmes like Horizon
2. **Opportunities** are numerous and resources more generous at this level
3. **Involvement** in project consortia and open events multiplies key contacts
4. **Network** of contacts is the best tool for reaching successful projects
5. **Pipeline** of involvements in quality project proposals raises your chances

Tips:

- Register in several platforms, join relevant groups at LinkedIn and other networks
- Be pro-active - search for opportunities and respond promptly to the offers
- Join the more experienced ones, try to learn from them
- Give a 2nd chance to quality proposals, but don't waste your time with bad ones

evropská rozvojová agentura

Is it difficult? Is it worth it??

YES, but...

- ✓ **Support** is provided by the Project Management Department and EUDA
- ✓ **Rules and Conditions** are less complicated, more transparent and user friendlier than in Czech Operational Programmes
- ✓ **Many others** have already succeeded, why not you...

YES, definitely!

- ✓ **Now is the moment** to get involved and gain competitive advantage
- ✓ **Broadening horizons** through Horizon Europe will pay off richly

Tip: Try to follow successful projects and applicants, make them part of your network!
